KACO Solar Inc. to sponsor Solar Power 2006 Conference and Expo; CEO Peter Flachsmann will present at the Conference:

SAN JOSE, Calif. — Oct. 16, 2006—KACO Solar Inc. is pleased to be a gold sponsor of the Solar Power 2006 Conference and Expo Oct. 16-19 in San Jose. The Solar Power 2006 Conference and Expo is the largest business-to-business solar event held in the United States. The event is organized by the Solar Electric Power Association (SEPA) and the Solar Energy Industries Association (SEIA). More than 4,000 people are expected to attend the event and more than 160 companies will exhibit.

KACO Solar Inc. CEO, Peter Flachsmann, will be presenting at the Inverter Developments panel on Wednesday, October 18th from 4:00 – 5:30PM in meeting room J3 at the San Jose Convention Center. The panel will discuss new inverter technologies and Mr. Flachsmann will specifically discuss the topic of transformerless inverter technology. The moderator of the panel will be Ward Bower from Sandia National Laboratories. Other panelists include Chris Thompson from Xantrex Technologies, Michael Mills-Price from PV Powered, Jeff Newmiller from Behnke, Erdman, and Whitaker Engineering, and Michael Ropp from South Dakota State University.

A powerful partner for PV system solutions, KACO Solar has built a tradition of excellence in the photovoltaic inverter and power electronics industries. Our German-based factory engineers have been developing, designing and manufacturing current inverters and power electronics for more than 60 years.

The KACO product family “Blue Planet” has set new standards in photovoltaic applications - particularly in reliability, efficiency, power density, and a patented technology to meet NEC requirements. As the heart of your photovoltaic installation, your KACO inverter pumps electricity into the public grid continuously and efficiently, earning you money and a solid return on investment.
