## **KACO Solar, Inc. signs first distribution agreement with Krannich Solar, Inc.**

Hainesport, New Jersey, USA: Krannich Solar Inc. ([www.krannich-solar.com](http://www.krannich-solar.com)), a global leading wholesale Photovoltaic (PV) system provider; was selected as the first official US distributor of the complete line of Kaco ([www.kacosolar.com](http://www.kacosolar.com)) PV inverters. “The addition of Kaco Solar Inverters to our product line further extends our commitment in offering only high-quality products to our customers.” – *Benjamin B. Sanders, Executive Vice President– Krannich Solar Inc.*

“KACO Solar is pleased to continue its successful, world-wide cooperation with the Krannich Group. This Partnership further embodies our Motto: High Quality Products – High Quality Distribution!”

– *Peter Flachsmann, CEO – KACO Solar Inc.*

“The addition of KACO Photovoltaic Inverters to our product offering further extends our commitment in offering only high-quality products to our customers.”

– *Benjamin B. Sanders, Executive Vice President– Krannich Solar Inc.*

Benjamin B. Sanders and Carsten Halle of Krannich Solar greets Peter Flachsmann of KACO Solar

## Blue Planet Grid-Tied Inverters

The KACO blue planet series inverter has set new standards in photovoltaic applications - particularly in reliability, efficiency, power density, and patented technology to meet NEC requirements. KACO inverter pumps electricity into the public grid continuously and efficiently, earning you money and a solid return on investment. Krannich Solar is proud to be the first U.S. solar equipment distributor to take advantage of the CEC's new "Best in Class" 94% efficient KACO 1501xi blue planet inverter. For information regarding where to purchase the KACO inverter contact [sales@krannich-solar.com](mailto:sales@krannich-solar.com) or [info@kacosolar.com](mailto:info@kacosolar.com). About Krannich Solar Inc.

Krannich Solar Inc. is a leading value added reseller of complete PV systems, components and turn-key pre-packaged system solutions. The global organization has over 15 years of experience in the PV marketplace and is ready to help you with any project no matter how large or small. We work closely with: PV installers, electricians, architects and building contractors in finding the right solution to fit your specific needs. We carry an extensive line of leading name brand products and system components.
